FoLio Assembly Instructions Pg 2

007FolioBack1 and F008FolioBack 2 are the cuts to cover the base outside

Cut one of each -

009FolioFront1 and F010FolioFront2 are the cuts to cover the base inside

Cut one of each -

011FolioPull1 is for the inside 3rd page

012FolioInsideFlip1 and 013FolioInsideFlip2 - cut one of each - just be sure to watch how your pattern will layout

FoLio Assembly Instructions Pg 3

014FolioPocket1 and 015FolioPocket2 are to cover the pocket pages - Cut one of each. Depending on where you put your second pocket you may want to plan how the pattern paper will layout. In this case I used same pattern paper for the yellow pieces and a different one for the red.

016FolioTabs will cover the 2 pieces that snap down from the flip up page and the last will cover the pocket on the last page. You may want to coordinate these pieces with the 012 and 013 pages.

017FolioPhotomat1 - 4 are the white pieces to give you a small white border around your photos. These pieces are optional.
